Jane and I are both available at any time on the 29<sup>th</sup> in Sacto. Because these meetings are so difficult to set up, we can commit to spending a lengthy chunk of time with you all, as necessary. Thanks!

**Subject:** BDCP-EPA Policy meeting  
**Importance:** High

All,

I'd like to see if the group on this email is available to meet on Wednesday, October 29, in

Sacramento for an hour or two to discuss key policy issues raised in the EPA comments on BDCP. I understand Jane and Kathleen would be available to travel to Sacramento that day, and I know that Letty and Jennifer will be here from DC, so it seems like a good opportunity if it still works for everyone. We are also scheduling some other BDCP meetings that date, but we have some flexibility now, so wanted to see if we can nail down a time that works for everyone.

Jane and Kathleen, if you can let me know what time(s) would work for you, we can try to accommodate that. If October 29 doesn't work, we will have to look at other dates in early November. In the meantime, please also let me know if you or your staff have any comments on the memo we sent you last week.

Thanks,

Laura

Laura King Moon

Chief Deputy Director

Department of Water Resources
